**All That Grab:** Tonight I'm heading home empty-handed, but I did hit a few other fabulous swag-filled fetes this week. I shopped at my fave spot, Polka Dots & Moonbeams, for 30 percent off (with proceeds benefiting Take Action Hollywood) and

journeyed to the opening of the Suburbia Salon and Spa in Studio City, where guests like **Jenny McCarthy** were gifted with NuLase Skin Care System and tons of beauty products, including Kerastase mousse, Graffiti cosmetics, Enjoe nail polish, Kusco-Murphy hair gel and a pink tee from Delish Bliss.

All this lingerie has inspired me to get my Party Girl butt to the gym. After all, some of us can't gorge ourselves on pizza and steak without a few ramifications. Guess that's what happens!

Cheers!
